*January 1998*

TO: ALL STATE PLANT REGULATORY OFFICIALS

*I am pleased to send you our 1997-1998 Massachusetts Certified Nursery and Greenhouses and Licensed Agents Directory. The directory lists 260 certified growers and 939 licensed agents by this state.*

*The Massachusetts nursery industry, including bedding plants is the largest single agricultural dollar generator and is considered a fundamental part of Massachusetts agriculture. In an increasingly urban state, we are concerned that this industry continues to prosper and grow. A healthy nursery industry creates jobs, beauty, helps maintain open space, and reduces pollution.*

*The Bureau of Farm Products and Plant Industries has rewritten our regulations. Enclosed is a copy of our Ribes Quarantine as it presently stands.*

*Phyllis Michalewich supervises the nursery inspection and licensing programs and Al Carl directs the Apiary inspection program, under the direction of George Porter, Bureau Chief for the Bureau of Farm Products and Plant Industries.*

*By this letter we certify that the nurseries and agents listed in this directory have been duly inspected and licensed to sell nursery stock in the state of Massachusetts. Should you need further information or explanation of the requirements for the shipment of nursery stock into Massachusetts please feel free to call the Bureau of Farm Products and Plant Industries at 617-727-3020, extension 124 for Phyllis Michalewich or extension 141 for George Porter.*

Sincerely,

A handwritten signature in dark ink, appearing to read "Jon Healy", written over the printed name.

Jonathan L. Healy, Commissioner
